古埃及的故事從不只是「過去」的歷史，也是映照「現在」的鏡子：

無論在古代或當今，人們面對的生命課題何其相似——

追求秩序與幸福、面對權力與責任、在有限生命中尋求永恆價值。

我們望著過去的法老
也在時間的倒影中
照見此刻與未來的我們

The story of ancient Egypt is more than just the history of the past,
but a mirror that allows us to reflect on our own time.

The never-ending pursuit of order and happiness,
the balance of power and responsibility,
and the search for eternal meaning in a finite existence are as common today
as they were five thousand years ago.
